The brief to the artist was that this exhibition is an opportunity to reflect on the current moment, and what has brought them to this point.

“For some it may be about the journey of their career, and for others a chance to reflect on where they personally are at following several very unexpected years on the local and global arena, and having been witness to some of the most extraordinary events of History. For other’s a chance to simply live in the moment, right now, a liminal space between the past and the future. “

Artists were encouraged to conceive of a singular stand-alone piece that showcases the best of their practice and gives the audience pause to think about themselves in the “Here and Now”.

Lizamore and Associates also continues to exhibit regularly at their other Rosebank space “Lizamore @Firestation”. Currently showing at The Firestation is a solo exhibition by Fleur du Bondt. The shows at the Firestation will continue to showcase artists young in their careers, or mid-career artists.

Lizamore will host shows at both Lizamore on Keyes and The Firestation, alternating shows between the two spaces.
